Singers

MISSION:

To provide the residents of western suburban Philadelphia with the opportunity to participate in group singing and further vocal pedagogy, with a unique emphasis on show tunes and popular music. We will enrich our community through regular choral performances. By partnering with a different local charity each year, we will support other nonprofits in our community.

VISION:

Our members will benefit from the numerous benefits of group singing, such as improved physical and emotional health, acquiring or improving music skills, increasing leadership abilities via volunteering and being a member of a group on a mission. Our community will be strengthened through our uplifting musical performances and our support of local charities.

“Your Director and your Accompanist are so great I feel like dancing out of the building because it is such a treat and an honor to be a part of your remarkable organization. -S.S.”

CHALLENGES

volunteer pipeline

our current model - a handful of people doing most of the work - is not sustainable in the long-term

membership & engagement

how do we recruit more diverse voices, increase retention, and offer more music education opportunities?

I love being a part of this choir!! The positive vibes are immaculate!! Thanks for making it possible!! - J.B.R.

Thank you SO MUCH for another amazing season. I always have so much fun, learn a few things, and just enjoy being with some genuinely nice people. - B.W.
